 - A passport is required for international travel and must be valid at least 180 days beyond the last date of the program.
 - A student visa is not required for visits to Greece under 90 days.
 - Semester programs last 87 days; summer programs approximately three weeks. If you participate in only one term, or only the summer sessions and do not extend your stay in Greece with personal travel beyond 90 days, a student visa will not be required.
 - Obtaining a visa involves a great deal of paperwork both in the U.S. and in Greece, can cost up to \$530, and require a lawyer to navigate the paperwork.

2. *Can I use my cell phone in Greece?*
 - Using a U.S. cell phone abroad to make local and/or international calls can be very costly. Check with your service provider for details.
 - One option is purchasing phone cards once you arrive in Greece. It is not recommended to purchase international calling cards while in the United States because they often will not function once you are abroad.
 - PicCell Wireless and other such companies allow students to rent a phone with a global SIM card and charger appropriate for Greece.
 - The cheapest option is to set up Skype or QQ, a free internet-based calling service. Look online for details.

 - The Athens Centre has a limited computer facility with wireless access, five computers and a printer available. Students must sign up for a particular hour and day, and are limited to one hour on any particular day, or three to four hours in a week.
 - During office hours students can use the wireless internet at the Athens Center and classrooms. Students are encouraged to bring a laptop and printer, but be SURE that the laptop can be used with 220 electricity voltage.
 - We strongly advise students to have their laptops insured before bringing them abroad.
 - There are many internet cafes in Athens and throughout Greece. The cost is approximately 2 - 3 Euros per hour.
